

KRITI PUBLIC SCHOOL, BARABANKI

SESSION—2021-22

CLASS—I I

SYLLABUS—FIRST TERM

Sub.: English Literature

Month	Topic	S.E. Activity	Lab/Map	Learning Outcomes	Skill Enhancement
March	UNIT-1 Anandi loves to draw	Draw a turtle with circles in 6 steps	Given riddle and their shapes	<ul style="list-style-type: none">. The students will be able to draw different types of shapes.. They will be aware of new vocabulary	Reading skill Listening skill Thinking skill Questioning skill
	UNIT-2 A CAR- My story	Draw a car and colour it	Draw a car by using some steps	<ul style="list-style-type: none">. The students will be able to understand a life journey of a car.. They will be able to know about different types of vehicles and how these vehicles help us.	Reading, Listening, Thinking skill Questioning skill pronunciation skill
April	Poem-1 A Chubby little snowman	Draw a snowman with rabbit and colour them	Showing pictures of snowman, rabbit and other anima	<ul style="list-style-type: none">. The students will be able to recognize a quality of snowman.. They will know about hills areas and know about their environment	Recitation skill, rhyming skill Listening skill, Thinking skill

	UNIT -3 DOES PETER STILL FORGET?	Make a Christmas tree by using fluorescent paper and paste on your note book.	Group discussion with students	<ul style="list-style-type: none"> . The students will learn how to remember things. . They will learn how to enhance their memory. 	Reading skill Listening skill Thinking skill Questioning skill Pronunciation skill
May	Poem-2 A kite	Make a kite by using different coloured kite papers and Sticks.	Recite the poem one by one	<ul style="list-style-type: none"> . Students will be able to know qualities of a kite. . They will be able to find rhyming words 	Reciting skill Listening skill Thinking skill Rhyming skill
July	UNIT-4 Little Red Hen UNIT-5 The Day the Cat Came Home P.T.1	Draw a hen and colour with red colour Which pet animal resembles a tiger? Draw and colour it.	Read the chapter and play with their character Show the pictures of other wild animals	<ul style="list-style-type: none"> . Students will be able to understand hard work .They will learn that work should be done together .Students will be able to understand the gist of the story. .They will learn from the story that one should take right decision in his/her lives. 	Reading skill Questioning skill Thinking skill Understanding skill Reading skill Questioning skill Thinking skill Understanding skill

August	Poem-3 BUTTERFLY, BUTTERFLY	Make a butterfly and a caterpillar with the help of a chart paper, pencil and colour and paste it in your notebook.	Show many insects by using Flashcards	.Students will be able to know the lifestyle of butterfly. . They will be able to recite the poem with correct pronunciation and rhymes	Reading skill Questioning skill Thinking the skill Creative skill Understanding skill Rhyming skill Pronunciation skill
September	UNIT-6 THE HUNGRY FOX Revision HALF YEARLY EXAMINATION	Draw a Fox with tree and colour it . MCQS . Short questions & answers . Long questions and answers	Read the chapter	.Students will be able to understand what is the result of being 'cunning'. . They will be able to know some difficult words.	Reading skill Understanding Pronunciation skill Thinking skill

Sub.:English Language

Month	Topic	S.E. Activity	Lab/Map	Learning Outcomes	Skill Enhancement
March	Chapter-1 English Alphabet	Make a tree vowels and consonants	Show vowels by using flash card	. Students will be able to recognise vowels and consonants . They will be able to arrange words in alphabetical order.	Thinking skill Creative school Observation skill

	Chapter-2 Naming words	Paste the pictures of animals, birds, insects, vegetables, fruits, flowers, transport, places and things.	Make Flashcards of different types of nouns	<ul style="list-style-type: none"> . Students will be able to tell about naming words. . They will be able to recognise different types of naming words. 	Creative skills Thinking skill Observation skills
April	Chapter-3 More naming words	Paste the pictures of relations and their professions with names	Make sentences by using naming words	<ul style="list-style-type: none"> . Students will be able to know about more naming words and their professions. . They will be able to make sentences by using naming words. 	Observation skill Thinking skill Questioning skill
	Chapter-4 Countable and Uncountable nouns	Paste the picture of Countable noun and Uncountable noun	Make sentences by using Countable and Uncountable nouns	<ul style="list-style-type: none"> .The students will be able to understand countable and uncountable nouns. .They will be able to find countable and uncountable nouns in surrounding themselves. 	Observation skill Learning skill Writing skill
	Chapter-5 Common Noun	Paste the pictures of common noun	<p>Change the singular into plural nouns</p> <p>Make sentences by using common noun</p>	<ul style="list-style-type: none"> . The students will be able to recognise common nouns. . They will be able to differentiate between singular and plural. 	Writing skill Observation skill Thinking skill

May	Chapter-6 Particular names	Paste the pictures of Proper noun	Make sentences by using proper noun	.Students will be able to understand how to use proper noun. .They will be able to know different types of proper noun. .The students will be able to use helping verbs.	Thinking skill Observation skill Listening skill
	Chapter-7 Pointing Towards Nouns	Paste pictures and write sentences related to the pictures	Make sentences by using singular and plural noun	. They will be familiar with helping verbs. . They will be able to make sentences by using 'is & are'	Thinking skill, Listening skill Creative skill Writing skill
July	Chapter-8 Pronouns- words in place of nouns	Make a flowchart 'he, she, it, they, I, you, we'	Make sentences by using Pronouns	Students will be able to know about different types of pronouns	Thinking skill, Writing skill
	Chapter-9 Pronouns- In conversation	Make a flowchart of 1 st and 2 nd persons	Group discussion and conversation	. Students will be able to understand about first and second persons. .They will learn about how to converse with each other.	Observation skills Writing skills
August	Chapter-10 Adjectives- Describing words	Pick the naming words and describing words from the	Make sentences by using describing words	Students will be able to recognise the describing words in	Understanding skill Grammar Thinking skill

		sentences and write them separately.		the sentences. . They will be able to use describing words as speciality of the noun or pronoun.	Writing skill
September	Chapter-11 Verbs-linking words Essay writing My mother Revision Half Yearly Examination	Make a flowchart ----- . Passage . Essay writing . Definition	Sentences by using verb -----	.Students will be able to know the use of helping verbs. .They will be familiar with verbs they will be able to make sentences by using 'is, am, are' .They will be able to write an essay	Speaking skills Writing skills Moral values

Sub.: Hindi language

Month	Topic	S.E. Activity	Lab/Map	Learning Outcomes	Skill Enhancement

Month	Topic	S.E. Activity	Lab/Map	Learning Outcomes	Skill Enhancement
March	UNIT-1 Revision	Write the numbers shown on the Abacus, circle even numbers and colour them	By using word problem questions	. Students will be able to arrange the position by ordinal numbers. .They will be able to find the smallest and the biggest numbers. .They will be able to recall their previous knowledge.	Logical skill Understanding skill Questioning skill Thinking skill Creative skill Recalling skill
April	UNIT-2 Numbers up to one thousand	Paste the pictures of Greater and Smaller	By using Flashcards show the ones tens hundred and comparison	.Students will be able to define place value and face value. . They will be able to arrange numbers in ascending and descending order	Thinking skill Creative skill Logical skill Comparing skill Understanding skill
May	UNIT-3 Addition	Draw an aquarium with five faces at other for more fishes in it	Solve sums of addition word problem questions	.Students will be able to add two digit numbers and three digit numbers.	Reading skill Creative thinking skill Comparing skill Understanding skill

				<ul style="list-style-type: none"> . They will be able to solve word problem questions. . They will be able to add this knowledge in their life. 	
July	UNIT4 Subtraction P. T.1.	Draw a tree with leaves showing that the leaves are falling	Word problem questions	<ul style="list-style-type: none"> .Students will be able to subtract two digit and three digit numbers. .They will be able to do subtraction .They will be able to learn rules of subtraction. 	Thinking skill Creative skill Questioning skill Subtraction Logical skill
August	UNIT-5 Multiplication	Make a mat by using fluorescent papers	Sums of multiplication word problem	<ul style="list-style-type: none"> .Students will be able to learn the rules of multiplications. . They will be able to relate this knowledge with daily life. . They will know that multiplication is a short way of adding equal numbers. 	Thinking skill Creative skill Multiplication Questioning skill Logical skill
September	UNIT-6 DIVISION	Make a divisional machine by using fluorescent paper	Word problem	<ul style="list-style-type: none"> . Students will learn division facts. They will know that repeated subtraction is called division. 	Screen dividing skill Question skill Understanding skill Logical skill

Month	Topic	S.E. Activity	Lab/Map	Learning Outcomes	Skill Enhancement
March	THEME -1 Chapter-1 About Myself	Paste your photo and write 10 lines about yourself	Introduction with children	.The students will be able to express their own ideas. .They will be able to introduce themselves . This lesson would also develop self awareness in the students.	Thinking still Creative skill Speaking skill
	Chapter-2 Our Body	Paste pictures of sense organs	Explanation of sense organs	. This lesson will develop cooperation, self awareness and working together in the students.	Thinking skill Creative skill Activity skill Sensitivity for others.
	THEME-2 Chapter-3 My family	Make your family tree by pasting pictures of your family members	Shown by the picture of nuclear family, small family and big family	.Students will understand the role of parents, friends, family and neighbours in their life. They will be able to select safe circle for them.	Thinking skill Creative skill Reading skill Understanding skill Pronunciation skill
April	Chapter-4 Fun With Family	Draw a birthday cake and colour it	By using flash cards and calendar	This lesson will develop an understanding about family members,	Thinking Creative Reading skill

				neighbours, friends and also pets.	
May	Chapter-5 Our celebration	Draw candles and Dias and colour them	Show by the colours candles Christmas tree and pictures of festivals	By this lesson students will develop the feelings of harmony and brotherhood in them. They will learn to appreciate the cooperation and support of neighbour.	Thinking Creating skill Understanding skill
	THEME-3 My needs Chapter-6 Food we eat	Paste strips of different colour for energy giving foods, body building foods and protective food	Show by the picture of energy giving foods body building foods and protective foods	.The students will develop value for care and respect for food .They will study about various issues and concerns related to food habits.	Teaching skill Sensitivity Creative skill
	Chapter-7 Water		Discussion of water resources school	The students will develop the habit of saving water. The students will be aware about many issues related to water.	Thinking skill Group discussion Creative skill
	Chapter-8	Draw any two water	A visit of a school	Students will develop	Creative skill

	Our House	sources and colour them Make a pucca house by using different colour fluorescent papers		the habit of keeping the house and surrounding clean.	Thinking skill Reading skill
July	Chapter -9 Our Clothes	Use the different cloth by using fluorescent paper and paste in your scrapbook	Paste thread of different types of wool and cotton	.Students will be able to keep things at proper place. .They will be able to take care of their clothes.	Thinking skill Creative skill Understanding skill
	Chapter -10 Air P. T.1	Air has weight. Show it by drawing pictures	Show NIT by tree and their leaves	. Students will be inspired to plant more and more plants. . They will be able to keep the air in the surrounding clean and fresh.	Thinking skill Creative skill Observation skill Cleanliness Habit
August	THEME-4 Chapter-11 Keeping ourselves clean and healthy	Draw green and blue dustbin and write their use	Cleanliness activity	. Students will develop awareness on the issues and concerns related to cleanliness and health. . They will follow safety rules to stay healthy.	Creative skill Thinking skill Observation skill Cleanliness Habit

	Chapter-12 Keep ourselves safe	Draw different road signs and colour them	Showing road sign by flash cards	.Students will understand that safety rules are made for their own safety. . Students will follow the safety rules.	Thinking skill Creative skill
	Chapter-13 Important places	Paste pictures of important places in your scrapbook	Discussion of important places	Students will know about important places.	Creative skill Thinking skill
September	THEME-5 Chapter-14 People and occupations Half yearly examination revision	Paste the pictures of different types of occupations. . Multiple choice questions .Short questions answers .Long questions answers	Group discussion with students about different types of occupations.	.Students will understand about many types of occupations. .They will select in future for them.	Thinking skill Creative skill Reading skill

Sub.: Computer

Month	Topic	S.E. Activity	Lab/Map	Learning Outcomes	Skill Enhancement
March	Chapter-1 Computer in our world	Draw picture of computer	Open MS Paint and draw different shapes and typing letters and numbers	Students will be able to differentiate various parts of computer. .They will be able to know about devices	Thinking skill Recalling skill Listening skill Artistic skill

				they will know about use of computer.	
April	Chapter-2 Computer and its uses	Paste the pictures of schools, home, shops and offices	Making, designing and Print, internet, send mails and messages.	.Students will be able to understand about the uses of computer. .They will understand how to use a computer and send mails and use internet.	Memory skill Recalling skill Creative skill
	Chapter-3 Knowing the computer parts	Draw different parts of computer	Children learn by doing	Students will be able to tell and use various parts of computer. .They will be able to tell about different keys of computers. .They will be able to make difference among various keys.	Memory skill Creative skill Thinking skill Recalling skill Artistic skill
	Chapter-4 How a Computer works?	The pictures of input device, processing device and output device	Our brain also works in IPO cycle learn by doing.	Students will be able to work on computer. They will know how computer works. They will learn by doing.	Thinking skill Creative skill Recording skill Memory skill
May	Chapter-5 Input and output devices	Draw computer and its different parts and shade them	Use of input and output devices	Students will be able to tell any use of various parts of computer	Memory skill Creative skill Recalling skill Artistic & thinking

	Chapter- 6 How to use the keyboard?	Draw a keyboard and mention the special keys	Use of control key, use of safety key, use of space bar keys	They will be able to tell about different keys of computer. They will be able to make difference among various keys. Students will be able to work on computer by using keys. They will know about how to use keys. They will know about different keys in keyboard.	skill Thinking skill Creating skill Recalling skill Memory skill
July	Chapter 7 More about mouse	Paste a picture of mouse	Mouse buttons activities, clicking, double clicking, dragging and dropping	Students will learn about mouse an input device. They will be able to learn the use of mouse clicking, double taking, dragging and dropping	Thinking skill Creating skill Memory skill
August	Chapter 8 looking after your computer	<u>Paste pictures of computer cleaning</u>	Practice how to clean computer	Students will learn how to clean computer. They will be able to know what is the importance of	Creative skill Thinking skill Recalling skill

				cleanliness?	
September	Revision HALF YEARLY EXAMINATION	. MCQS . Short answer . Long answer . Lab practical			

KRITI PUBLIC SCHOOL, BARABANKI

SESSION—2021-22
